**BUILDING SPECIALISTS, INC.
ABOUT BSI**

It's not what we build. It's how.

Building Specialists, Inc. (BSI) is a full-service commercial and residential general contractor, founded by its president, Bob Fetzer, in 1975. Based in Roanoke, Virginia, the company offers complete construction services of additions and renovations, as well as turn-key services for new construction. They also offer a complete design service.

For 30 years, Building Specialists had made its mission to not only construct, but to enhance the built environment and life of the surrounding community-serving, strengthening and assisting clients to carry out their own dreams and aspirations. BSI's motto, "It's not what we build. It's how," aptly summarizes this design and construction philosophy, which is reflected in their work across the region. With projects as diverse as Advance Auto Parts, Excel Prosthetics, Blueberry Hill Cottages at Mountain Lake, stately residences throughout the Roanoke Valley, and the beautifully renovated Grandin Theatre, the list of satisfied clients in the region is long and distinguished.
