**BUILDING SPECIALISTS, INC.
COMMITMENT TO COMMUNITY STATEMENT**

Taking Community Building to New Extremes

Building Specialists, Inc. has been a full service general contractor in Roanoke, Virginia since 1975, specializing in construction and renovation of commercial and residential projects.

To us, southwestern Virginia is not just a place where we do business. It's our home. And we are proud to have contributed a great deal to the enhancement and renaissance of our community. From our own offices on Day Avenue, which were some of the first to be renovated in downtown Roanoke, to our leadership roles on many important community boards devoted to the region's betterment, we are committed to making southwestern Virginia's future a bright and prosperous one.

In our 30 years, we have invested time and committed resources to local organizations including The Roanoke Regional Home Builders Association, Council of Community Services, The Better Business Bureau of Western Virginia, Valley Beautiful, The Roanoke Preservation Foundation, Pathfinders for Greenways, and Downtown Roanoke Incorporated.

Our involvement in the community has provided us a network of experts and a wealth of experience which allows us to tackle diverse tasks and a variety of projects. Our service is dedicated and professional, and has helped to build a reputation for excellence in our field.

To summarize our passion for our endeavors and our commitment to the communities we serve, our mission statement says it best: It's not just what we build. It's how.
